

APPROVED PERMISSIBLE FIREWORKS 2014

State Fire Marshal's Office Telephone: 804-371-0220

1005 Technology Park Drive
Glen Allen, VA 23059

Email: statefiremarshal@vdfp.virginia.gov

For those cities, counties and towns where the State Fire Marshal's Office (SFMO) provides administrative and enforcement service for the Statewide Fire Prevention Code (SFPC), the following list of permissible fireworks (listed by Item number) are readily acceptable to the SFMO for storage and/or retail display. A user of permissible fireworks is not required to obtain a fire code permit or be certified as a Pyrotechnician when such use is on private property with the approval of the property owner.

This list does not supersede any restrictions or ordinances in localities that have the services of a locally appointed fire official who administers or enforces the SFPC as may be amended at the local level. A list of localities that have the services of a local fire official can be found on a SFMO web page www.vafire.com.

Consumer fireworks (Division 1.4G) that meet acceptable criteria during the annual evaluation and review process are classified through the Virginia Statewide Fire Prevention Code as "permissible fireworks". The SFMO works with other localities, such as Fairfax, Loudoun and Prince Williams counties as examples, to evaluate and review items by actively comparing the items to the performance criteria found in the American Fireworks Standards Laboratory (AFSL), 2009 Edition.

Permissible fireworks added to this list after May 12, 2014 will be shown in **BOLD** red type at the end of the list. Deleted items will be shown with a strike through the item number and name. ~~Example.~~

This list may be amended without further notice.
